CASE NO. 3:21 CV 2350

JUDGE J. ZOUHARY

**JOINT CASE STATUS REPORT**

In accordance with the Court's Order entered January 7, 2022, plaintiff Computer Programming Unlimited Inc. ("CPU") and defendant Hartford Casualty Insurance Company ("Hartford"), by and through their respective counsel, jointly file this status report. The parties used the time allotted by the Court to exchange settlement demands and offers, but were unable to resolve their differences. They therefore request the scheduling of a Case Management Conference to establish a schedule for addressing the coverage issues in the case, as the parties appear to need threshold legal rulings on coverage issues in order to advance the case.

Respectfully submitted:
